REASONS FOR ALLOWANCE

4. The following is an Examiner's Statement of Reasons for Allowance:

Claims 7, 13, 19 and 20 are allowable over the prior art of record.

The examiner has found that the prior art of record does not teach or suggest or render obvious a technique for processing an incoming message sent by a client device to a server wherein a network interface receives an incoming message, assembles it from serial to parallel and concurrent with the assembling of the message from serial to parallel using a regular-expression pattern matching circuit to recognize and HTTP message headers embedded in the message, provide the parsed header in a compact form to the CPU and memory of the server for processing in order to reduce the message delivery and processing time and further increase the end user's access speed as set forth in the specification and recited in the claims.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance."
